After re-familiarizing myself w/these orders, we're already saying that they need to comply w/the HAMP. As such, my idea of incorporating IHS's schedule/major milestones is not that far off.

Here are my fairly minor suggested edits to the Polaca draft. If these changes are acceptable, they should probably be applied to the others before we finalize them. Roberto and I discussed putting in dates by which milestones will be met (once IHS comes out with its schedule), and I have attempted to do that. However, if there are more milestone activities that are in IHS's schedule, we should probably expand the list of items in Par. 33.

Is the Shungopavi AOC a carbon-copy of the Polaca AOC? If so, I am not sure there is an independent reason to review it, but please let me know.

Ivan and Roberto,

Janet, Hillary, and I just met on the First Mesa and Shungopavi draft AOCs. We'd like to send these to the Village and Tribe in the next couple of days. These AOCs are mostly the same as the Sipaulovi draft aside from a few differences stemming from our term sheet conversations.

Please take a look at the drafts and let us know if you have any suggested edits.

Thanks,  
Christina
